3.10(2) Term. A certified pharmacy technician registration shall expire on the date that the technician's national certification expires.

3.10(3) Renewal. A certified pharmacy technician registration shall be renewed prior to the expiration of the registration.

a. Delinquent registration grace period. A certified pharmacy technician registration which is not renewed prior to the expiration of the registration shall be considered delinquent. A registered certified pharmacy technician who renews during the month following the expiration date of the registration shall not be subject to disciplinary action for continuing to practice as a pharmacy technician during the delinquency of the registration.

b. Registration reactivation beyond grace period. If the registration is not renewed prior to the expiration of the one-month grace period identified in paragraph 3.10(3) "a," the technician shall cease the practice as a pharmacy technician until the registration is reactivated. A certified pharmacy technician without a current registration may apply for registration reactivation by submitting a completed application for reactivation and a nonrefundable reactivation fee of \$160. An individual who continues employment as a pharmacy technician without a current registration, in addition to the pharmacy and the pharmacist in charge that allow the individual to continue practice as a pharmacy technician, may be subject to disciplinary sanctions.

c. Voluntary cancellation. A registered certified pharmacy technician who ceases practice as a pharmacy technician and does not intend to renew the registration prior to its expiration may request that the board cancel the registration. If the certified pharmacy technician later seeks registration as a certified pharmacy technician, the technician shall not be assessed a late penalty fee or reactivation fee for renewal of the registration.
